

Whiskey Creek Civic Association Board Meeting

December 10, 2014

The December 10th meeting of the Whiskey Creek Civic Association was held in the dining room of the Country Club. At 7:10 p.m., Bernie Lamach, President, opened the meeting. He greeted everyone and stated there would be no business conducted since this was our Volunteer Appreciation Party. There was no call to order or adjournment. Bernie enumerated and thanked all board members, newspaper staff and distribution personnel, deed restriction committee, yard beautification committee and MSTBU board members.

Bernie then introduced County Commissioner Cecil Pendergrass who made some comments about the beautiful community we live in and the 7-Eleven situation of excessive lighting and the fact that the patrons will drive through Whiskey Creek throwing out their 7-Eleven garbage. The Commissioner then accepted a few questions from the audience.

Afterward, we all partook of delicious Swedish meatballs, a meat and cheese tray, deviled eggs, a fruit tray (with the sweetest pineapple ever), stuffed celery, brownies, cookies and candy canes. We had drawings for a gift basket won by Gordon Lytle and a Christmas centerpiece won by Don and JoAnn Fosselman. A jolly time was had by all. The leftover food was donated to the Community Cooperative Ministries Soup Kitchen and was greatly appreciated.
